UPDATES FROM MONTH

Welcome, to the first issue of UETians in Australia Newsletter.

The key highlight of October was the first Victorian Brekky at Ziyka Broadmeadows on **Sun, 13 October**. There were **48 participants** who attended in total.

The breakfast gathering was a great success!

Attendees enjoyed a delicious spread, which included a variety of traditional dishes as well as some modern favorites. It provided an excellent opportunity for members to connect, share their experiences, and discuss both personal and professional topics in a relaxed atmosphere. Newcomers felt warmly welcomed, and many left feeling more integrated into the community. The event strengthened bonds among members and sparked ideas for future gatherings. Overall, it was a memorable morning filled with laughter and camaraderie.

NSW, WA, and QLD have their own meet up sessions planned, and many participants have registered interest.

IMPORTANT

Please give a read to following documents in group:

- Vision 2035.docx
- Professional Development (PD) Plan.docx
- UETians Global Consulting Business.docx

AI CORNER

This month, UETians discussed engineers' professional challenges in Australia, focusing on community engagement to support members. Key issues included the need for local experience, underemployment, and cultural adjustments. Despite these challenges, there was optimism about Australia's potential, highlighting grit and perseverance. The discussions emphasized mentoring newcomers and sharing diverse experiences that reflect both challenges and successes in adapting to a new country.

UPCOMING

- Weekly business opportunities Teams meeting (contact Dr Sajjad for invite)
- PD and CDR writing techniques (contact Dr Tayyab for a calendar invite)
- 1 on 1 coaching available on demand for new arrivals. (Contact group admins)

THE MEMORY LANE

UETians fondly reminisced, sharing memories and stories of unforgettable moments during their time at university (and beyond)...

91 Civil Survey Camp in 1994
