

UET ALUMNI ASSOCIATION – AUSTRALIA

UET Alumni Association Australia - Objectives

The principal purpose of the UET Alumni Association Australia is to foster strong relationships between former Engineering students, staff, and the broader UET Engineers community in Australia, while promoting a multicultural and collaborative spirit in engineering, Town Planning, Architects and related fields.

Objects of the Association:

1. Promote the UET Spirit:

- Cultivate and maintain the UET legacy among Alumni by promoting an understanding of the ongoing developments at the University of Engineering and Technology, Lahore.

2. Foster Inclusivity and Multicultural Collaboration:

- Strengthen multicultural connections by bringing together Australian engineers, architects, town planners, and related professionals from diverse cultural backgrounds.
- Encourage collaborative efforts to work on projects that benefit the Australian community as a whole, embracing the richness of cultural diversity.

3. Support and Guide Multicultural Engineers:

- Provide support and career guidance to engineers from diverse cultural backgrounds, particularly those new to the Australian workforce, by helping them understand the local job market, required skill sets, and how to contribute positively to Australia's development.

4. Mentoring and Innovation:

- Mentor innovative engineers and professionals involved in engineering, manufacturing, and related industries to help them excel in their careers while making significant contributions to Australian communities through their work.

5. Engage the Alumni Community:

- Encourage widespread involvement from UET Alumni in Australia, fostering a vibrant community spirit and a deeper connection with the University's core values and its foundational philosophy.

6. Create Professional Networks:

- Facilitate networking opportunities among Alumni, providing platforms for collaboration and mutual support in technical, professional, and community-building efforts.

7. Community Integration and Betterment:

- Play an active role in integrating the Alumni into Australian society by creating opportunities for professional development, innovation, and multicultural interaction aimed at improving the well-being of Australian communities.

8. Link UET and the Australian Community:

- Act as a communication bridge between UET and Australian Alumni to promote a shared sense of purpose and responsibility toward the Australian community, encouraging Alumni to actively contribute to its progress.

Leadership Team:

1. Shahid Javed (President)

UET Alumni Association is a registered organization in Australia with more than 300 UETians as its members. Alumni's Australian chapter was formed in Juen 2023. Till now the association has successfully organized two annual get togethers which were attended by large number of UETians belonging to a range of sessions from 1964 session to 2018 session. Following are the key office holders (governing body) of the association:

Eng. Shahid Javed – President (1993 CIVIL)

Eng. Zahid Khilji – Chief Coordinator (1978 CIVIL)

Eng. Sujahir UI Islam – General Secretary (2013 CIVIL)

Eng. Nabeel Khan – Vice President (1988 METALLURGICAL)

Planner Arif Yasin Chohan – Treasurer (1999 CRP)

Association has a constitution duly approved by the Department of Fair Trading New South Wales, Australia. Since its formation, Association has been playing a great role in helping the UETians in Australia to get jobs and get settled. A significant number of UETians have secured jobs through guidance provided by the senior alumni members.

Our next initiative is to generate funding for our great alma mater to provide the required equipment and items. We also have plans to start a scholarship for the intelligent students belonging to low-income families.

SHAHID JAVED

President

UET Alumni Association Incorporated, Australia
